Color Lux® Soft Roman Valance

NEW ROMAN VALANCE - RELAXED STYLE (NON-OPERABLE)

Color Lux Window Solutions now features a beautiful new valance option. When you want the elegant appearance and the graceful folds of a Roman without the need to operate your shade, the Roman Valance is the perfect option. The Roman Valance is available in all patterns and solids found on the ColorLux Window Solutions Design Tool and is the perfect top treatment over roller or cellular shades.

Features

- The Relaxed Roman Valance is entirely cord-free in design, so the street-side appearance is clean and simple.
- A stabilizing bar gives the relaxed roman valance just enough stability to hold the beautifully folds in place
- All boards are wrapped with matching fabric for a finished look.
- **Maximum width is 72".**

Height Options

All Relaxed Roman Valances will have four elegant fabric folds regardless of the overall height of the valance. Valance heights are available in:

- 14"
- 16"
- 18"
- 20"

The height measurement starts from the top of the headrail to the shortest point on either end of the "smile". Outer edges of the relaxed roman are approximately 2" less than the center. This difference will vary based on the width of the valance. Narrower valances will have less of a smile.

Liner Options

Relaxed Roman Valances are available standard with Room Darkening Liner. Light Filtering Liner is available as a no charge option.

Combo Lining and Interlining is not available for relaxed roman valances.

Side Tabs

- Side tabs are standard for Outside Mount valances and optional for Inside Mount. Side tabs are not available for turned headrail.
- Side tabs will match the ordered width of the board.
- Standard Height for side tabs is 6".

Mounting Options and Board Depths

- Roman Valances are available for Inside Mount, Outside Mount and Turn Headrail.
- The standard return size is 2".
- 1.5" return is optional.
- Turned Headrail has a return of ¾".
- Custom board depths are available. Please contact Customer Service when ordering.
- All boards are fabric wrapped with matching fabric.

All valances feature four elegant fabric folds regardless of the height ordered.

All valances are cord-free and clean to the streetside.

All boards are wrapped with matching fabric. Side tabs for Inside Mount valances is an option.

Valance measurements start from the top of the headrail to the center of the smile
